

Dr. King Celebrations JANUARY 16, 2006

ONE WORLD, ONE FAMILY TASK FORCE
KIDS PARTY!
1PM - 4PM

@ Washington Street Education Center

LOOK BEYOND BLACK & WHITE AND
YOU'LL FIND THE COLOR OF FRIENDSHIP!

- All Ages Welcome - **FREE!**

Activities include movie, craft project, stories and a snack. Movie is "The Color of Friendship", Rated G. It is an Emmy Award-winning movie about two girls from different worlds who learn the ultimate lesson about tolerance and friendship. When African-American Congressman Ron Dellums and his daughter Piper greet their South African exchange student Mahree, they're surprised to discover she's white. But no one's more surprised than Mahree herself, a product of the Apartheid system, who's been raised to view dark-skinned people as second-class citizens. Students from the CHS Diversity Club will be assisting during the afternoon activities so parents are welcome but do not have to remain with their children. Children younger than six should have parental supervision.

Special thanks to Edgar Norman Creative, the Chelsea Schools for the use of the WSEC facility, and the Diversity Club at CHS.
